Air Canada Completes Installation of Satellite Connectivity Across Full Air Canada Rouge Fleet

MONTREAL, Dec. 17, 2019 /CNW Telbec/ - Air Canada said today that Rouge Wi-Fi high-speed satellite-based connectivity provided by Gogo is now available across the entire Air Canada Rouge fleet of 65 aircraft that fly globally and across North America.

"Customers now can access Rouge Wi-Fi high-speed internet connectivity on their own devices whenever they are onboard an Air Canada Rouge aircraft anywhere in the world, giving everyone the ability to stay connected to email, surf the web, or stream their favourite movies and TV shows from services like Netflix and YouTube. We are excited to now offer fast, reliable wi-fi options onboard all Rouge aircraft for the increasing numbers of customers seeking connectivity when flying," said Andrew Yiu, Vice President, Product at Air Canada.

Customers can choose from a selection of Wi-Fi packages to suit their requirements with starting prices of \$8.50 CAD simply by connecting to the "Rouge Wi-Fi" network onboard and following the instructions.

In addition to the full Air Canada Rouge fleet, satellite based Wi-Fi is already available on all Air Canada Boeing 777s, and most Boeing 787s and Airbus A330s with the remainder to be completed early 2020. Air Canada Wi-Fi connectivity is also available across the carrier's entire mainline narrow body fleet and the Air Canada Express Embraer 175 and Bombardier CRJ-900 fleets. Air Canada's new Airbus A220 fleet which it begins taking delivery of before the end of 2019 will come equipped with satellite based wi-fi.

About Air Canada

Air Canada is Canada's largest domestic and international airline serving nearly 220 airports on six continents. Canada's flag carrier is among the 20 largest airlines in the world and in 2018 served nearly 51 million customers. Air Canada provides scheduled passenger service directly to 62 airports in Canada, 53 in the United States and 101 in Europe, the Middle East, Africa, Asia, Australia, the Caribbean, Mexico, Central America and South America. Air Canada is a founding member of Star Alliance, the world's most comprehensive air transportation network serving 1,250 airports in 195 countries. Air Canada is the only international network carrier in North America to receive a Four-Star ranking according to independent U.K. research firm Skytrax, which also named Air Canada the 2019 Best Airline in North America.
