"I feel proud to have supported our country and fellow Canadians during these unprecedented times. Working with the Red Cross gave me a chance to give back in a meaningful way." – Air Canada employee Ameena Youssef on working with the Canadian Red Cross in their fight against COVID-19 by recruiting humanitarian workers for long-term health care facilities.

MONTREAL, Aug. 3, 2021 /CNW Telbec/ - With the help of its employees like Ameena Youssef and others, Air Canada continued to support communities in need across the country for various causes throughout the COVID-19 pandemic. This is one example of many other actions and accomplishments outlined in Air Canada's 2020 corporate sustainability report [Citizens of the World](#) released today.

"Our employees have shown great dedication, courage and tenacity. I am grateful to them for their professionalism, commitment and ability to overcome adversity," said Michael Rousseau, President and Chief Executive Officer at Air Canada. "2020 was without any doubt a year of great challenges, but also of opportunities for changes and improvements, innovations and creative solutions. Despite the challenges, one thing has never been clearer: we remain focused and committed to sustainability. We are definitely well positioned to take up on the challenges in the coming years."
