Air Canada Cargo Further Enhances Digital Offering to Customers Through CargoAi eBooking & eQuote Platform

MONTREAL, April 5, 2022 – Air Canada Cargo today announced that it has selected CargoAi's eBooking & eQuote platform for freight forwarders as it continues to invest in its digital transformation.

"We continue to invest in our digital transformation, which is a key pillar of Air Canada Cargo's strategy as it continues to adapt to the changing landscape in airfreight. We're looking forward to further leveraging our API capabilities and the opportunity to reach out to additional users via the CargoAi marketplace. We're continuing to grow our distribution reach and we're confident that the features available on CargoAi will be well suited to the large range of our product portfolio," said Matthieu Casey, Managing Director, Commercial – Cargo at Air Canada.

CargoAi allows users to manage the entire air cargo booking process via a single tool. Registered freight forwarders not only have the option of making and managing instant bookings for their shipments, they can also leverage the built-in eQuote tool to send quote requests to Air Canada Cargo.

For further information about CargoAi, and why they've been selected as a Gartner Cool vendor in Supply Chain Execution Technologies, please visit the website: www.cargoai.co.
