Video: Behind the scenes of Air Canada's new international Signature Class

Jul 01, 2018

Air Canada's new international Signature Service was launched earlier this year and offers premium features and services to our customers.

Brian Chow from Everyday Reviews experienced the Signature Service on an international flight from Toronto. In this video review, he takes us through the experience, which includes dedicated check-in areas to reduce wait times, BMW-powered chauffeur service for connecting passengers, exclusive access to the Air Canada Signature Suite – which features a-la-carte dining with a menu created by celebrated Canadian chef David Hawksworth – an Air Canada Signature Cocktail plus the entire on-board Signature experience.

Check out his review [here](#):

You can also watch Brian’s review of our transcontinental Signature Class[here](#).
