Airport Utility Fire Reduces Air Canada Operations at Toronto

MONTREAL, March 18, 2012 /CNW Telbec/ - Air Canada advises travellers that as a result of a fire that affected utilities at Lester B. Pearson International Airport in Toronto and reduced the airport's operating capacity, Air Canada and Air Canada Express are experiencing flight delays and cancellations.

Due to the expected high volume of calls at our call centres, wait times may be long. To avoid waiting, Air Canada advises customers to consult aircanada.com or the Greater Toronto Airport Authority website torontopearson.com for flight information before going to the airport.

Air Canada is Canada's largest domestic and international full-service airline providing scheduled and charter air transportation for passengers and cargo to more than 180 destinations on five continents. Canada's flag carrier is the 15th largest commercial airline in the world and serves 34 million customers annually. Air Canada is a founding member of Star Alliance. For more information on Air Canada visit aircanada.com. Follow @AirCanada on Twitter and Facebook.
